

Opportunities Week of 9/9/16

WolfieLand Carnival: Seawolves, you don't want to miss WolfieLand this Saturday. This first-of-its-kind tradition brings a full carnival to campus, including a ferris wheel, bumper cars, Gravitron, inflatables, cotton candy, popcorn, drinks, DJ, live performances, carnival game booths, and over 2,000 prizes waiting to be won! Come to the SAC Parking Lot this Saturday 9/10 from 3-9pm to be part of this new tradition! Best part? It is absolutely free and open to all students!

Carnival is TOMORROW, September 10th, in the SAC Parking Lot

For more info, see attached flyer

Academic Success & Tutoring Center Fall 2016 Services: Academic Success & Tutoring Center (ASTC) offers a variety of free services for all undergraduate students including: peer tutoring, peer academic success coaching, academic success workshops, peer assisted learning, and an ASC 101 course: practicing engaging presentations. **All appointments for peer tutoring must be scheduled in advance through an online scheduling system. The scheduling system opens on Monday, September 12th, with the first day of tutoring on Monday, September 19th. The scheduling system can be found at <http://www.stonybrook.mywconline.com/>.**

For more info about ASTC, please visit http://www.stonybrook.edu/commcms/academic_success/ or see attached flyer

Jobs Available in the Department of Neurobiology and Behavior: There are 1-2 work study/non-work study positions available to assist in the upkeep of a zebrafish colony. Shifts are 1-3 hours in the morning or afternoon, longer on the weekends. Sophomore or Junior Biology/Biochemistry major preferred. Students must be available on weekends and during winter break. Positions include up to 15 hours per week, starting rate \$9/hour.

For more info and application instruction, see attached flyer

SB C-CERT Information Sessions: SB C-CERT is a nationally recognized volunteer first response organization, which specializes in auxiliary services. In other words, we are a jack of all trades! We work side by side with SB-VAC, UPD, and the Fire Marshals. We are trained in crowd control, disaster preparedness, and basic medical skills (CPR, AED, First Aid) to name a few. We are currently in the middle of a busy recruitment season for eager students who want to make an impact on the community. **We are holding two information sessions: Friday September 9th from 8-9 PM in SAC 303, and September 20th from 8-9 PM, in the SAC auditorium. In order to be a part of C-CERT, members *must* sign up for an interview date at either of the information sessions!**

For more details on the info sessions, and directions to apply, see attached flyer

SBU Student Blood Drive Committee: The SBU Student Blood Drive Committee are looking for volunteers that can help promote blood drive dates as well as provide assistance during the drives. Students can gain valuable non-clinical experience or community service hours through this opportunity. Blood donors are also welcome!

Here are some events we have this month:

Blood Drive at the SAC Ballroom A on Monday, September 12

General Body Meeting in SAC 312 on Tuesday, September 13 at 7PM

Blood Drive at the SAC Ballroom A on Tuesday, September 20

If interested, please contact SBUSBDC@gmail.com

See attached flyer for more info

Getting Research Experience: Techniques & Strategies: This interactive workshop is designed for students interested in obtaining a research opportunity. It will provide a comprehensive overview of various research techniques and offer extensive resources necessary for obtaining a research position! Meet research coordinators/faculty members and find out how to secure a research position and learn about various research projects/opportunities on and off campus including basic, translational and clinical research. Examples of employers on the panel include Brookhaven National Laboratory, Stony Brook Medicine, NYU, and Stony Brook University: URECA and Biology Department

Wednesday 9/14, 1 PM - 2 PM, SAC 303

Registration: <https://stonybrook.joinhandshake.com/events/16979>

For more info, and a list of other Pre-Health Events offered by the Career Center, see attached flyer

Intramural NIAID Research Opportunities (INRO): An opportunity for undergraduate seniors to spend 4 days at NIAID (National Institute of Allergy and Infectious Disease) next February to learn about NIAID postbaccalaureate research training programs available to students for the next year. The program is designed for students from populations under-represented in the biomedical sciences including ethnic minorities, students from financially disadvantaged backgrounds or with disabilities. The 4 day visit is from February 6 - 9, 2017 with all expenses paid by NIAID.

Applications are being accepted from September 1 to October 15, 2016

For more info: <http://www.niaid.nih.gov/LabsAndResources/labs/training/inro/Pages/programDescription.aspx>

Kaplan Quiz: Path to Graduate School: Take Kaplan's new quiz to find out the next step of your academic journey. We'll ask you 5 simple questions and quickly tell you where you are on the path to graduate school, along with access to custom tools and information.

Take the quiz here - ktp.events/sbuquiz

Any questions, please contact James.Polulach@kaplan.com or call 1-800-KAPTEST.

MindSumo Biology Project: Please review the latest biology project from MindSumo. MindSumo partners with employers to create projects that you can complete to get work experience, win prizes, and be hired for jobs and internships. Questions can be directed to aaron@mindsumo.com

[Propose a scientific based biological skin care treatment](#) - \$1,600 in prizes

For more information, visit
stonybrookusg.org

FREE services for all undergraduate students include:

PEER TUTORING

- One-on-one and small group tutoring
- All appointments must be scheduled in advance through an online scheduling system
- Online scheduling system opens on Monday, September 12, 2016
- First day of tutoring is Monday, September 19, 2016
- During the first **four** weeks of the semester, students can complete an online form to request that a course be added to the ASTC tutoring list (This does **not** guarantee the course will be added)

PEER ACADEMIC SUCCESS COACHING (PASC)

- Designed to help students enhance their academic success strategies for time management, goal setting, note taking skills, test taking skills, managing test anxiety, identifying appropriate resources, and more
- Appointments are one-on-one & must be scheduled in advance through an online scheduling system
- Online scheduling system for the PASC program opens on Monday, August 29, 2016

ACADEMIC SUCCESS WORKSHOPS

- Interactive, topic-based workshops (e.g.: time management, study skills, etc.)
- Registration is highly recommended and is done through the ASTC website
- Walk-ins are welcome, if space allows. Workshops fill quickly.
- Workshops count as a “plan” event for the first-year seminar 101 students

PEER ASSISTED LEARNING (P.A.L.)

- Peer-facilitated, informal, collaborative learning sessions where students work together to gain a deeper understanding of course content
- Available for MAT 125
- Participation is voluntary and will be discussed in lecture during the first week of classes

ASC 101: PRACTICING ENGAGING PRESENTATIONS (P.E.P.)

- Six week, zero credit public speaking seminar that fulfills the SPK requirement
- Designed to help students hone their public speaking skills in a comfortable and supportive environment. This class is limited to 10 students.
- Fall 2016 class meets for six Tuesdays from 2:30pm – 3:50pm starting Tuesday, September 27, 2016
- Registration is by instructor’s permission. **Interested students should email the ASTC.**
