What our alumni are saying...

Kunika Chahal '20 **Biomedical Engineering/Pre-med** **Minor in Writing and Rhetoric**

"Writing has always been a passion of mine -- it's relaxing, therapeutic even! Choosing a minor in Writing and Rhetoric was the best decision I ever made; it brought me close to some of the best professors I've ever had. It pushed me to write about anything and everything! I'm an engineering student writing plays! How fun is that?"

This minor taught me how to share my story through writing and for that, I'm forever grateful. The skills I learned can also be applied to the world -- just like engineering. The minor in Writing and Rhetoric truly opened my eyes to the importance of communicating to make a difference."
