

The Office of Proposal Development, the Office of Graduate and Postdoctoral Affairs, and the Center for Inclusive Education present:

GRANT WRITING FOR POSTDOCS AND ADVANCED GRADUATE STUDENTS

An Academic Research Funding Strategies, LLC Workshop Series

Pursuing Funding to Support Your STEM Research

Thursday, June 23, 2022
12-2pm

Webinar for graduate students and postdocs discussing how to get research funding as an independent STEM researcher. We will discuss: how to identify likely funders, positioning, key steps for planning a fundable research project, and best practices and common mistakes to avoid when writing a competitive proposal.

Pursuing Funding to Support Your Humanities/Social Science Scholarship

Thursday, June 30, 2022
12-2pm

Webinar for graduate students and new faculty on how to pursue external grants to support scholarship in the humanities and lettered social sciences. We will discuss why and when you should consider pursuing funding, types of grants and funders, and what reviewers are looking for.

[Click here to register.](#)

Zoom information will be sent to all registrants prior to each session.
