

## NEW YORK STATE DEPARTMENT OF HEALTH BUREAU OF NARCOTIC ENFORCEMENT

License Application to Engage in a Controlled Substance Activity Instructions

FOR ALL LICENSE TYPES: New Renewal Amendment

### **Instructions for Form DOH-4330**

[Instructions and Application are available on the DOH Web site as separate downloads] https://www.health.ny.gov/professionals/narcotic/licensing\_and\_certification/

> New York State Department of Health Bureau of Narcotic Enforcement Riverview Center 150 Broadway Albany, New York 12204 (866) 811-7957 <u>bnelicensing@health.ny.gov</u>

Public Health Law (PHL) requires any person acting as a manufacturer, distributor, importer, exporter, institutional dispenser or institutional dispenser, limited of controlled substances, or conducting research, instructional activities or chemical analysis with controlled substances in New York State to obtain a license from the Department of Health (DOH).

To obtain a controlled substance license, you must submit a *License Application to Engage in a Controlled Substance Activity* (DOH-4330) to the DOH Bureau of Narcotic Enforcement (BNE). Through the application process, you will document that you have satisfied the licensing requirements as outlined in PHL Article 33 and the Part 80 Rules and Regulations on Controlled Substances in New York State, both of which can be found online at <u>www.health.ny.gov/professionals/narcotic/</u>.

## This document outlines the general requirements for a controlled substance license. It does not present the requirements in their entirety. It is incumbent upon applicants to fully familiarize themselves with all applicable Sections of PHL Article 33 and Title 10 NYCRR Part 80.

### **Duty of Notification by Licensee** (10 NYCRR Part 80.110)

Persons licensed or certified pursuant to Article 33 of the Public Health Law and persons authorized to possess controlled substances in connection with the authorized activities shall promptly notify the department of:

- (a) Each incident or alleged incident of theft, loss, or possible diversion of controlled substances manufactured, ordered, distributed or possessed by such person; a form of this purpose furnished by the department shall be filed with the Bureau of Narcotic Enforcement, New York State Department of Health.
- (b) Any charge or proceeding brought in any court or before any governmental agency, State or Federal, in which it is alleged that the licensee, its employees, subsidiaries, managing officers, or directors has failed to comply with the provisions of the Federal Controlled Substances Act or the law of any State relating to controlled substances.

The form, DOH-5733, Notification of Disciplinary Action, can be found on the "Forms" page of our website.

### License Class 3A – Institutional Dispenser Limited

Requirements:

- 1. Facility does not meet the requirements to apply for class 3 license, i.e. does not have a NYS registered pharmacy in the facility.
- 2. Applicants must have the regulatory operating authority to administer medications to their residents by a NYS licensed healthcare provider whose scope of practice allows the provider to administer controlled substances.
- 3. Nursing home, convalescent home, health-related facility, adult care facility subject to the provisions of Title 18 NYCRR Parts 487, 488, and 490.
  - a. 487.2 Definitions. (a) An **adult home** is defined as an adult care facility established and operated for the purpose of providing long-term residential care, room, board, housekeeping, personal care and supervision to five or more adults unrelated to the operator.
  - b. 488.2 Definitions. (a) An **enriched housing program** means an adult care facility established and operated for the purpose of providing long-term residential care to five or more adults, primarily persons 65 years of age or older, in community-integrated settings resembling independent housing units. Such programs must provide or arrange for the provision of room,

and provide board, housekeeping, personal care and supervision.

- i. Note: Enriched housing programs without additional Department approved services ("ALR", "EALR", or "SNALR"), stated on their operating certificate, are not eligible for a class 3a license.
- c. 490.2 Definition. A residence for adults is an **adult care facility** established and operated for the purpose of providing long-term residential care, room, board, housekeeping, case management, activities and supervision to five or more adults, unrelated to the operator, who are unable or substantially unable to live independently.
- 4. Must meet the definition of a **Residential Health Care Facility** (RHCF) as defined in Public Health Law 2801(4)(b).
  - a. Provide "service in a facility or facilities which provide or offer lodging, board and physical care including, but not limited to, the recording of health information, dietary supervision and supervised hygienic services incident to such service".
- 5. Will secure and administer controlled substances to residents only pursuant to a prescription written by a practitioner and filled by a registered pharmacy.
- 6. Additional NYS DOH Long Term Care Facilities that may meet the requirements for BNE licensure:
  - a. Adult Homes
  - b. Enriched Housing Programs certified as Assisted Living Residence approval (ALR)
  - c. Enriched Housing Programs with Enhanced Assisted Living Residence approval (EALR)
  - d. Enriched Housing Programs certified as Special Needs Assisted Living Residents (SNALR)

### DOH-4330 APPLICATION COMPLETION INSTRUCTIONS

- 1. Please read these instructions and the License Application to Engage in a Controlled Substance Activity in their entirety before completing your application.
- 2. Complete the application as follows (please print or type). It is preferable that you use Adobe to complete the application, using the "Fill & Sign" function. Electronic signatures using Adobe Certificates and Signatures are acceptable.

**APPLICANT INFORMATION** – Enter the applicant information as it should appear on your license.

**LEGAL NAME** – This is the name of the company or person to whom the license will be issued. This name must match all other legal documents submitted with the application. <u>E.g.</u>, DEA registration.

**ADDRESS** - The address is the address of the exact location where the controlled substance activity will take place, including the room number, floor, etc.

**MAILING ADDRESS** – Use this section <u>ONLY</u> if the physical location of where the controlled substance activities will occur cannot receive U.S.P.S mail.

Licenses are name- and address- specific and are non-transferrable. Class 3 (Institutional Dispenser) and Class 3A (Institutional Dispenser, Limited) licenses shall be issued as indicated on the facility's state-issued Operating Certificate.

**BNE CS License #** - Current BNE licensees enter your current BNE license number for renewal. April 2023 Page 2 **NYS Department of State ID#** - Corporations and business entities registered with the NYS Department of State (DOS) Division of Corporations, must supply their DOS ID number. You may search for your DOS information on their web site at: <u>https://www.dos.ny.gov/corps/</u>. The legal name used on the application must match the legal name registered with the DOS. This is required for businesses, not for profit corporations, limited partnerships, limited liability companies and limited liability partnerships, as well as other miscellaneous businesses.

**NYS BOP Registration #** - Classes 1, 1A, 2, 2A, 2R, 3 and 11, must be registered with the NYS Board of Pharmacy (BOP) or submit a letter of exemption from the NYS BOP.

**DEA Registration #**-Upon BNE licensing but prior to engaging in any controlled substance activity, all Classes (excluding 3A) must obtain a Federal Drug Enforcement Administration (DEA) registration in the equivalent classification. The DEA registration must coincide to the licensed location. A copy of the DEA registration must be sent to the BNE licensing unit upon receipt.

**REPRESENTATIVE CONTRACT INFORMATION** – This is the person the licensee has designated to receive correspondence from BNE on behalf of the licensee. This may or may not be the same person who signs the application. This section is required to be completed.

APPLICATION TYPE - Identify the type of application being submitted:

### APPLICATION TYPE

<u>**NEW</u>** – If you are submitting an application for a new license, check this box and enter the date proposed for the controlled substance activity to begin.</u>

New applicants, as well as those reporting a *relocation or change in ownership (operator),* within NYS, will be subject to an on-site facility inspection by BNE (excluding out-of-state applicants).

<u>CHANGE</u> – Licensee changes including official name, address, or ownership must submit a new DOH-4330. Enter current and new information. Requires inspection. A new BNE license number may be issued. May require facility inspection by BNE (excluding out-of-state applicants).

<u>**RENEWAL**</u> – If there have been no changes to the licensee's controlled substance activity, name (legal, trade or d/b/a), ownership (operator), address, storage, and approved controlled substance schedules, check this corresponding box. Licensees whose license has been expired for more than 60 days are not eligible to renew their license, cannot conduct controlled substance activities, and must submit a "New" application. No extensions of expiration dates are allowed.

**<u>AMENDMENT</u>** – If you are submitting an application to amend your current license, check this box and attach to the application a narrative outlining the specific change(s) being requested.

Amendments are designated as '*Relocation*' of storage, '*Add a Manufacturing or Distribution Activity*', '*Add a Controlled Substance and/or Schedule*' or '*Add a Further Activity*'. Dependent on the license class, a licensee may not qualify to apply for an amendment and shall be treated as an applicant for a new license. *An amendment may also be submitted for a change in or adding to the currently BNE approved storage for controlled substances.* 

**Classes 4A, 4B, 5, 7A, and 7B** are required to submit an application for amendment to their license for any change in research protocol that requires the addition or removal of a controlled substance or any other change in approve controlled substance activities.

Changes in licensed storage may be submitted as an amendment. Changes in storage may require an onsite inspection to be performed.

May require facility inspection by BNE (excluding out-of-state applicants).

LICENSE CLASSIFICATION – Identify the license classification for which you are applying.

Class 1	Manufacturer
Class 1a	Manufacturer (Out-of-State)
Class 2	Distributor
Class 2a	Distributor (Out-of-State)
Class 2R	Reverse Distributor
Class 3	Institutional Dispenser
Class 3a	Institutional Dispenser Limited
Class 3c	Emergency Medical Services
Class 4	Researcher (Schedules II-V) (Individual 4C or Institutional 4B)
Class 4a	Researcher Special Industrial
Class 5	Instructional Activities (Schedules II-V)
Class 7	Research and Instructional Activities (Schedule I) (Institutional 7A or
	Individual 7B)
Class 8	Analytical Laboratory
Class 9	Importer
Class 9a	Importer Broker
Class 10	Exporter
Class 10a	Exporter Broker

Class 11 Pharmacy – Registered Community Pharmacy for ADS Operations

Additional information pertaining to each class and their legal requirements, may be found at: <u>https://www.nysenate.gov/legislation/laws/PBH/A33</u> and <u>https://regs.health.ny.gov/volume-1a-title-10/content/part-80-rules-and-regulations-controlled-substances</u>.

A separate application and fee is required for each license classification sought, as well as for each location where controlled substance activities will take place. New York State, county and municipal agencies are exempt from licensing fees. Employees of an exempt entity are NOT exempt. **Licensing fees are non-refundable**.

Licenses are valid for two years from their effective date. While BNE currently provides a renewal reminder notification via email at least 90 days prior to a license expiration, *the licensee remains responsible for filing a complete and satisfactory renewal application prior to the expiration of the license*.

Renewal applications may be received up to 90 days prior to the expiration date of the current license. Renewal applications will be processed approximately 3 weeks prior to the current expiration date.

**CONTROLLED SUBSTANCE SCHEDULE(S) TO BE USED** – Check the boxes for all controlled substance schedules to be used. (see PHL Section 3306 for NYS schedules of controlled substances). New York State's Controlled Substance Schedule does differ from the DEA's schedule. For class 4, 5, and 7 license applications, only those scheduled control substances for the specific research or protocol will be approved.

**STORAGE OF CONTROLLED SUBSTANCES** - Identify all controlled substance storage that is in place at your facility and provide a full description. Be sure to refer to the Controlled Substance Storage Minimum Requirements that are included as part of this document. Attach additional pages for descriptions if necessary. Policies and procedures for how controlled substances are secured and the methods to be used to reduce potential diversion at all times must be included. <u>Digital</u> photographs of storage are required to be submitted with the application package.

**Storage Photographs** – Digital photographs of all storage to be utilized under the proposed license must be submitted with the license application. Acceptable digital photograph file types are JPG, JPEG, GIF, TIFF, or BMP. Photographs of storage should depict all aspects of the storage and surrounding area, to include, but not limited to:

- Entrance and exits to the room where storage is installed
- All areas of the room (all walls to provide 360-degree view)
- All storage closed/locked and open to reveal all locking mechanisms in place and all doors and/or separated compartments

All storage and security must be installed, operational, and ready to be inspected at the time the application is submitted to BNE. Failure to assure this may lead to denial of your application.

• All security measures in-place (cameras, alarm system, biometric access, locked doors, etc.)

If a current licensee (*excluding Classes 1A and 2A*) intends to change the physical security of controlled substances, said storage must be inspected by a BNE Investigator and approved by BNE prior to usage to ensure your storage meets minimum security standards. Written notification, including a description and digital photographs of the intended storage, is to be made to <u>bnelicensing@health.ny.gov</u>.

**SUPERVISOR OF CONTROLLED SUBSTANCE ACTIVITY** – This is the individual who will be supervising the controlled substance activity at the licensed location. This may be the person who oversees inventory and record-keeping on behalf of the licensee. However, this does not exclude the licensee from his/her regulatory responsibilities. Manufacturers and distributors must meet all requirements for a supervisor of controlled substances as outlined in NYS Title 10, Part 80.11.

**APPLICANT ACKNOWLEDGEMENTS** -- Read the applicant acknowledgements and answer each question presented. Applicants who answer '**YES**' to any of the questions must submit a statement of explanation with documentation to support the explanation or the application may be denied.

**APPLICANT SIGNATURE** -- Enter your name and title, sign and date. This must be the person who has authority to make decisions that affect controlled substance activities and the overall responsibilities for the facility and licensed activities. This is typically the owner, partner, COO, CEO, or other authorized person. For Classes 3 and 3A, this is the Administrator of the facility and the person responsible for the state-issued operating authority.

Make a copy of your application and all supporting information/documentation for your records. Email the application, along with a copy of the requisite fee (if applicable) in the form of a check or money order made payable to the New York State Department of Health, Bureau of Narcotic Enforcement, as well as any other information/documentation required, to <u>bnelicensing@health.ny.gov</u>. Mail <u>only</u> a copy of the DOH-4330 and the application fee to:

> New York State Department of Health Bureau of Narcotic Enforcement Attn: Licensing Unit

### Riverview Center 150 Broadway Albany, New York 12204

### \*\*If you are licensed and no longer wish to engage in controlled substance activity, you must notify the Bureau of Narcotic Enforcement immediately. All licenses must be returned to the Bureau of Narcotic Enforcement.\*\*

SUBMISSION REQUIREMENTS		
All applicants not currently licensed by BNE - New		
All applicants registered with the New York State Board of Pharmacy		
Submit <ul> <li>Copy of current New York State Board of Pharmacy registration or exemption letter</li> </ul>		
All applicants registered with the Drug Enforcement Administration (DEA)		
Submit ✓ Copy of current DEA registration.		
New License Applications (includes change in name, address, or ownership)		
<ul> <li>Title 10 NYCRR Part 80 Section 80.5(a)&amp;(b):</li> <li>The following locations shall be deemed not to be places where controlled substances are manufactured, distributed or dispensed:</li> <li> <ul> <li>a warehouse where controlled substances are stored by or on behalf of a licensed person, unless such substances are distributed directly from such warehouse other than the licensed location from which the substances were delivered or to persons not required to be licensed in accordance with section 3305 of the Public Health Law;</li> <li>an office used by agents of a licensee where sales of controlled substances are solicited, made or supervised, but which neither contains such substances nor serves as a distribution point for filling sales orders.</li> </ul> </li> <li>Holders of licenses shall register with the appropriate Federal agency or agencies in the comparable controlled substances schedule and license class provided for under Federal regulations.</li> </ul>		
Class 1 Manufacturer		
✓ Completed DOH-4330 application with all appropriate signatures		
✓ Digital photographs of all storage		
✓ Letter on company letterhead specifying if final product(s) manufactured will or will not be for human and/or animal consumption		
<ul> <li>Name, residential address, and title of each officer, director and any person having 10% or greater proprietary, beneficial, equitable or credit interest in the applicant; Each such person, if an individual, or lawful representative if a legal entity, shall submit an affidavit with the DOH-4330 setting forth:         <ul> <li>any position of management or ownership during the preceding ten years of a ten percentum or greater interest in any other business, located in or outside this state, manufacturing or distributing drugs; and</li> <li>whether such person or any such business has been convicted, fined, censured or had a license suspended or revoked in any administrative or judicial proceeding relating to or arising out of the manufacture or distribution of drugs</li> </ul> </li> </ul>		
✓ Affidavit that managing officers are of good moral character		
✓ Copy of lease or deed to show sufficient land, buildings and equipment to carry on activity as a manufacturer		
<ul> <li>Policies, procedures and/or other documents revealing what mechanisms are in place to maintain effective control against diversion of the controlled substances for which the license is sought</li> </ul>		
✓ Copy of current NYS Board of Pharmacy registration as a Manufacturer, Repacker, or Outsourcing Facility or exemption letter		
✓ Copy of current DEA registration as a Manufacturer		
Name and pharmacist registration/permit number of full-time pharmacist employed; notarized document stating person is a United States citizen or an alien lawfully admitted for permanent residence in the United States, is 21 years of age or over, has a bachelor of science or bachelor of arts degree in chemistry, pharmacology or equivalent specialization and not less than four years of experience in the manufacture of drug products; has not been convicted of a misdemeanor or felony by any court of the State of NY or by any court of the United States or any other state, and has not been or currently is a habitual user of narcotics or any other habit-forming drug(s); an affidavit signed by either the Sheriff of the county of residence, local police official, or other such person acceptable to the Department attesting that this person is of good moral character

	<ul> <li>Destruction procedures for discontinued controlled substances and single doses</li> <li>Renewal of Currently Licensed Licensees (if license is expired, contact BNE)</li> </ul>
ap the 45 <b>de</b> <b>Pr</b>	nail address provided on the most recent application submitted to BNE. Licensees are legally responsible to submit a complete renewal plication prior to their expiration date regardless of whether the reminder notice is received or not. Licensees should set reminders for when any need to submit their renewal application to reduce the potential of unlicensed periods. Renewal applications should be sent to BNE 30 – days before the current expiration date. Incomplete or otherwise deficient applications are not timely. If a renewal application remains ficient or incomplete by the expiration date of the license, the license is not eligible to remain valid under the NYS Administrative ocedure Act and will expire. Unlicensed controlled substance activities are not allowed and must immediately cease until a new license is ued.

### Applicants for Class 4 and/or Class 7 (institutional) researcher licenses. <u>As of 2020, the DEA has</u> <u>stated it may not accept the NYS Class 4 or 7 Institutional license for application of a DEA</u> <u>registration. We strongly encourage any applicant wishing to obtain an Institutional license to</u> <u>contact the DEA first and discuss potential options.</u>

### **Reporting of Dispensing Information Class 4 and Class 7**

- In addition to the above, practitioners who dispense controlled substances are required to file with the Department of Health information regarding such dispensing. "Dispense" means to deliver a controlled substance to an ultimate user or research subject by lawful means and includes the packaging, labeling or compounding necessary to prepare the substance for such delivery
- Researchers holding Class 4 and/or Class 7 controlled substance licenses are practitioners pursuant to Article 33 of the Public Health Law. Researchers who dispense controlled substances to research subjects as part of their protocols (as authorized by their controlled substance license) are required to report such dispensing to the Department. Researchers are not required to report the prescribing or administration of a controlled substance to a research subject
- Through the Department of Health's Health Commerce System, practitioners must also report specific controlled substance dispensing information electronically by the 15th of the month following the month in which the controlled substance was dispensed
- Researchers who dispense controlled substances as part of their research protocols must apply online at <u>https://commerce.health.state.ny.us/pub/</u> to establish a Health Commerce System account
- The dispensing information requirements noted above are outlined in PHL Section 3331(6) and 80.71(e)

### **Licensee Reporting Requirements**

- Researchers, <u>as well as all licensees</u>, are also under a continuing duty to promptly notify the Bureau of Narcotic Enforcement of any theft, loss <u>or possible diversion</u> of controlled substances using the Loss of Controlled Substances Report (DOH-2094)
- The theft or loss requirements noted above are outlined in PHL Section 3374 and Part 80.20
- NYS Public Health Law (PHL) requires licensees to notify BNE of certain changes affecting the licensee or an approved license, as well as certain changes in other facts or circumstances. Specifically, PHL §3322(3) states as follows:

3. Any person licensed under this title or operating a registered outsourcing facility shall forthwith notify the department of any incident involving the theft, loss or possible diversion of controlled substances manufactured, compounded, delivered or distributed by the licensee or operator.

• Furthermore, PHL §3374 states as follows:

Notification by licensee. Persons licensed or certified pursuant to this article shall be under a continuing duty to promptly notify the department of:

1. Each incident or alleged incident of theft, loss or possible diversion of controlled substances manufactured, ordered, distributed or possessed by such person;

2. Any charge or proceeding brought in any court or before any governmental agency, state or federal, in which it is alleged that the licensee, its employees, subsidiaries, managing officers, or directors has failed to comply with the provisions of the federal controlled substances act or the laws of any state relating to controlled substances.

- BNE has a form to be completed by licensees who need to submit a report. Form DOH-5723 is found online at <a href="https://www.health.ny.gov/forms/doh-5723.pdf">https://www.health.ny.gov/forms/doh-5723.pdf</a>. For each reportable incident, you must submit details describing what corrective measures you have taken to address the incident and implemented to prevent the incident from occurring again. Additional BNE forms you may find useful to ensure compliance may be found at https://www.health.ny.gov/professionals/narcotic/forms.htm.
- All of the above requirements, as outlined in Article 33 and Part 80, can be viewed on the Department of Health Web site at <a href="http://www.nyhealth.gov/professionals/narcotic/laws">www.nyhealth.gov/professionals/narcotic/laws</a> and regulations.htm

The Bureau of Narcotic Enforcement is committed to ensuring a smooth transition to this process. In this regard, you are encouraged to contact the Bureau with any questions via email at <u>bnelicensing@health.ny.gov</u>.

# **APPENDICES**

### Minimum Storage Requirements for Controlled Substances:

The below information is provided as guidance only. It is not intended to replace law or regulation. It is incumbent upon applicants to fully familiarize themselves with all applicable sections of Public Health Law Article 33 and 10 NYCRR Part 80.

CONTROLLED SUBSTANCE MINI	CONTROLLED SUBSTANCE MINIMUM STORAGE REQUIREMENTS		
LICENSE CLASS 1 1a	2 2a 2R 9 9a 10 10a		
Schedules I and II (Section 80.13)	Schedules III, IV and V (Section 80.14)		
VAULT <u>Vaults constructed before April 1, 1973</u> must be of substantial construction with a steel door, combination or key lock and alarm system subject to approval by the Department of Health.	VAULT (as for Schedules I and II) OR		
	SAFE (as for Schedules I and II) OR		
<u>Vaults constructed on or after April 1, 1973</u> must have walls, floors and ceilings constructed of at least eight inches of reinforced concrete or other substantial masonry, reinforced vertically and horizontally with one-half inch steel rods tied six inches on center (or structural equivalent to such reinforced walls, floors and ceilings).	SEPARATE ROOM OR STORAGE AREA Controlled substances must be separated from all other merchandise unless they are stored in a separate room or storage area within a building if there is limited access to the room or storage area. During working hours, the controlled substances must be kept under constant surveillance by a		
The door of the vault must contain a multiple position combination lock (or equivalent), a relocking device (or equivalent) and steel plate with a thickness of at least one- half inch (e.g., GSA Class 5 rated steel door). <i>Class M</i> <i>modular panels with a GSA Class 5 rated door are deemed to</i> <i>be equivalent to the vaults described above. Vaults must be</i> <i>six-sided or have floors constructed as described above.</i>	Substances must be kept under constant surveinance by a supervisor or other responsible party. An alarm system must be installed on the outer perimeter of the building, inside the storage area or on the vault or safe. The alarm system must have an ability to transmit a signal directly to a central protection company, local police agency or 24-hour control station operated by the licensee. <b>OR</b>		
The walls or perimeter of the vault must be equipped with a tamper-proof closed circuit alarm approved by Underwriter's Laboratories with an ability to transmit a signal directly to a central protection company, local police agency or 24-hour control station operated by the licensee. If necessary, "hold-up buttons" may be required at strategic points of entry to the perimeter area of the vault.	<b>BUILDING/AREA WITHIN BUILDING</b> The building or area within the building must have walls or perimeter fences of sufficient height and construction to		
The vault must have a device designated to detect illegal entry and the vault door must be equipped with a contact switch.	provide security from burglary. The building or area within the building must have substantial doors which must be locked during non-working hours by a multiple position combination or key lock.		
Vaults that remain open for frequent access must be equipped with a "day gate" (or equivalent), which is self-closing and self-locking. <b>OR</b>			

RESERVE AND MAIN STOCK
rolled substance that is ordered and received at the
Schedules III, IV and V (Section 80.50)
CABINET
Stationary, securely locked and of substantial construction (i.e., metal).
-
dule II controlled substances, said stock is deemed to be must meet 80.50(a)(1)(i) or 80.50(a)(1)(ii) requirements Schedule I or Schedule II controlled substance.
5 7 8 WORKING STOCK
of controlled substance that will be required for a or time-period of no more than 72-hours.

CABINET	CABINET
Stationary, locked, double cabinet. Both cabinets must have key-locked doors with separate keys. Cabinets must be made of steel or other approved metal.	Stationary, securely locked and of substantial construction (i.e., metal).

In order for an institution (*excluding Class 3A*) to store working stock of a controlled substance, said institution must maintain a reserve/main stock of said controlled substance on-site.

As outlined in Section 80.50, controlled substances prescribed or ordered for a specific patient in quantities which would not exceed a 72-hour supply may be stored with the patient's other medications at the patient care unit, provided that they are kept in a securely locked medication cart or other storage unit approved by the department. In addition, certain Institutional Dispensers, Limited licensees may possess limited supplies of controlled substances in sealed emergency medication kits.

LICENSE CLASS 11		
Schedule I	Schedules II, III, IV and V (Sections 80.1, 80.5, 80.50 & 80.106)	
	AUTOMATED DISPENSING SYSTEM (ADS)	
	An ADS inspected and approved by the Bureau of Narcotic Enforcement may be used to store Schedule II-V controlled substances in a residential health care facility ("RHCF") licensed as a Class 3a Institutional Dispensers, Limited, in accordance with associated guidelines.	
	All ADS's must be tethered or secured to the wall or floor to reduce the ability to remove the ADS from its location.	
	Refer to the current version of the "Guidelines for Registered Community Pharmacy (Retail Pharmacy) Operation of Automated Dispensing Systems in Residential Health Care Facilities", found on our website.	
REFRIGERATED STORAGE		

The storage of controlled substances within a refrigerator must meet Title 10 NYCRR Part 80 Rules and Regulations on Controlled Substances section 80.50(c)(1) requirements.

Section 80.50(f). Only controlled substances shall be stored within the storage facilities described in this section.

A single-lock lockbox in a refrigerator or freezer that can also be locked is permitted. The single-lock lock box must be bolted or otherwise secured to an immovable shelf within the refrigerator or freezer, or the refrigerator or refrigerator itself, in such a way that it cannot be removed. Refrigeration device weighing less than 750 pounds shall be bolted to floor or wall.

### Appendix A1 Class 4 & 7 Individual Researcher Protocol

In addition to the *License Application to Engage in a Controlled Substance Activity* (DOH-4330), complete and submit the following information for Class 4 & 7 Researcher (Individual) applications. All sections must be completed. **Do not enter "See Attached" as an answer**.

#### Applicant Name:

- 1. Applicant/Researcher/PI:
  - (i) Qualifications & competence (Curriculum Vitae) of the applicant to engage in controlled substance research. (Attach CV)

A typical CV will include the following information:

Name & Contact Information
 I

• Grants, Honors & Awards

- Publications & Presentations
- Education
- Employment & Experience Scholarly or Professional Memberships

If applicant is a practitioner, provide their DEA Practitioner registration:

DEA Practitioner Address:

(ii) Institution or company applicant is affiliated with for this research (name and address):\_\_\_\_\_

### 2. Research Project:

(i) Nature & objective of the project. (Attach additional sheets as necessary)

Title of approved project:

State of purpose of research (Concise Summary):

(ii) Name, schedule & quantity of the controlled substance(s) involved. (Attach additional sheets as necessary)

Name	Schedule	Quantity

(iii) Name, DEA registration & NYS controlled substance license of suppliers of the controlled substance(s). <u>All suppliers must</u> <u>have a NYS BNE license number</u>. Applicant should obtain a copy of the suppliers BNE license for their records.

Company Name	DEA Registration	NYS Board of Pharmacy #	BNE Controlled Substance License #

If controlled substances are to be obtained by any means other than via a DEA registered distributor or manufacturer, explain:

		Attach	additional sheets as necessa
(iv) If animal	s are to be utilized in the	research, provide: 🗌 N/A	
Species	Number of Animals	Dose Regimen (e.g., 10mg/kg, three times/week for five weeks)	Route of Administration

Must include copy of approval from Institutional Animal Care and Use Committee (IACUC) for animal studies.

(v) Will controlled substances be administered or dispensed to humans?

☐ Yes ☐ No

If administering or dispensing controlled substances to humans, attach the corresponding Institutional Review Board (IRB) approval & a detailed protocol setting forth:

- o Provisions for the safe administration or dispensing of controlled substances to humans
- The proposed method of selecting humans.
- o Notice of Claimed Investigational Exemption for a New Drug (IND) for clinical studies

### Appendix A2 Class 5 & 7 Instructional Activities Protocol

In addition to the *License Application to Engage in a Controlled Substance Activity* (DOH-4330), complete and submit the following information for Class 5 & 7 Instructional Activities applications.

### 1. Applicant:

- (iii) Applicant Name:\_
- (iv) Institution authorizing the controlled substance instruction activities: Name:

Address:

(Attach the institution's controlled substance instructional activities policy - e.g., effective controls against diversion, etc.)

### 2. Instructor(s):

(i) Qualifications & competence (Curriculum Vitae) of the controlled substance instructor(s) (e.g., K-9 handler, professor, etc.). (Attach CV)

A typical CV will include the following information:

- Name & Contact Information
  Grants, Honors & Awards
- Publications & PresentationsEmployment & Experience
  - Education
  - Scholarly or Professional Memberships

If the Supervisor of Controlled Substance Activity is not a controlled substance instructor, attach his/her CV as well.

### 3. Instructional Activities:

(vi) Nature & objective of the instructional activities. (Attach additional sheets as necessary)

Course Title:

Nature & Objective (Concise Summary):

(vii) Name, schedule & quantity of the controlled substance(s) involved. (Attach additional sheets as necessary)

Name	Schedule	Quantity

(viii) Name, DEA registration NYS BOP & NYS BNE controlled substance license of the distributor or manufacturer providing the controlled substance(s).

Company Name	DEA Registration #	NYS Board of Pharmacy #	BNE Controlled Substance License #

If controlled substances are to be obtained by any means other than via a DEA registered distributor or manufacturer, explain: (Attach additional sheets as necessary)

### Appendix B Class 4 & 7 Institutional Researcher Statement

In addition to the License Application to Engage in a Controlled Substance Activity (DOH-4330), complete and submit the following information for Class 4 & 7 Researcher (Institutional) applications.

### 1. Applicant/Institution:

- *i.* Controlled Substance Project Approval Committee List: Name, qualifications & competence (<u>e.g.</u>, degree & department) of each member of the institution's controlled substance project approval committee. (Attach committee list)
- ii. Controlled Substance Project System: Description of the system within the institution for approving, supervising & evaluating controlled substance research projects. (Attach system description)

### 2. Research Project(s):

- *i.* Description (Title) of the project(s). (Attach additional sheets as necessary)
- ii. Name & schedule of the controlled substance(s) involved.
- iii. Name(s) & qualifications (e.g., degree, position) of the individual(s) working on the project and of the individual(s) designated to supervise the project:
- iv. Name, DEA registration & NYS controlled substance license of the provider(s) of controlled substance(s). All sources must have a NYS BNE license number.

2(i)	2(ii)	2(iii)	2(iii)	2(iv)	2(iv)
Controlled Substance Research Project Description (Title)	Controlled Substance: Name & Schedule	Project Participant: Name & Qualifications (degree/position)	Project Supervisor: Name & Qualifications (degree/position)	Controlled Substance Provider(s)	DEA Registration / NYS BNE License
					INTO DINE LICENSE

If controlled substances are to be obtained by any means other than via a DEA registered distributor or manufacturer, explain (Note: Identify the specific project and method of obtaining):

necessary)

(ix) Will controlled substances be administered or dispensed to humans?

🗌 No

(Attach additional sheets as

If a project involves administering or dispensing controlled substances to humans, attach the corresponding Institutional Review Board (IRB) approval & a detailed protocol setting forth:

o Provisions for the safe administration or dispensing of controlled substances to humans

• The proposed method of selecting humans.

### Appendix C Class 8 Analytical Laboratory Protocol

In addition to the *License Application to Engage in a Controlled Substance Activity* (DOH-4330), complete and submit the following information for Class 8 Analytical Laboratory applications.

#### 1. Applicant:

- (v) Institution authorizing the controlled substance chemical analysis activities: (Attach the institution's controlled substance chemical analysis policy – <u>e.g.</u>, effective controls against diversion, etc.)
- (vi) Qualifications & competence of the analytical laboratory. (Attach any lab certifications)

#### 2. Supervisor of Controlled Substances:

(ii) Qualifications & competence (Curriculum Vitae) of the controlled substance supervisor. (Attach CV)

A typical CV will include the following information:

- Name & Contact Information
- Grants, Honors & Awards
- Publications & Presentations Employment & Experience
- Education
- Scholarly or Professional Memberships

#### 3. Chemical Analysis Activities:

(x) Nature & objective of the chemical analysis activities. (Attach additional sheets as necessary)

Title:

Nature & Objective (Concise Summary):

(xi) Name, schedule & quantity of the controlled substance(s) involved. (Attach additional sheets as necessary)

Name	Schedule	Quantity

(xii) Name, DEA registration & NYS controlled substance license of the distributor or manufacturer providing the controlled substance(s).

Company Name	DEA Registration #	NYS Board of Pharmacy #	BNE Controlled Substance License #

If controlled substances are to be obtained by any means other than via a DEA registered distributor or manufacturer, explain: (Attach additional sheets as necessary)

(xiii) Will controlled substances be administered or dispensed to humans?	🗌 Yes	🗌 No		

If a project involves administering or dispensing controlled substances to humans, attach the corresponding Institutional Review Board (IRB) approval & a detailed protocol setting forth:

o Provisions for the safe administration or dispensing of controlled substances to humans

• The proposed method of selecting humans.

Refer to step-by-step Instructions for Applying to Engage in a Controlled Substance Activity https://www.health.ny.gov/professionals/narcotic/licensing\_and\_certification/
