

REPORT TO THE ARTS AND SCIENCES SENATE

School Year fall 2002

Report by Everett Waters, PTC Chair, fall 2001 and Fred Gardaphe , PTC Chair, spring 2002.

Summary of 2001 - 2002 PTC actions

	Promote to Professor	Promote to Associate Professor with tenure	Promote to Associate Professor	Tenure (already at rank of Associate Professor)
PTC yes	11	11	0	1
PTC no	1	1	0	0

In every case but one, the PTC agreed with the department's recommendation. In that one case, the PTC voted against promotion to full professor, contrary to the department. In every case but 2, all administrators (Dean, Provost, and President) agreed with the PTC. In one of these cases, the Dean recommended a promotion that the PTC did not, and the Provost and President agreed with the PTC; in the second case, the Provost and President did not agree with the PTC.

One case for promotion to full was returned to the department when the candidate took a position at another university. One case considered by the PTC did not make it to the Provost or President as the candidate too a position at another university. The PTC reviewed four new appointments and in all cases agreed with the department.

2001-2002

Fall
